Private Events

Highlighting your private event with a customized synchronized swimming performance will leave your guests with lasting memories. For many of them, it will be a first.

Whether something romantic, unique, mesmerizing or just plain exciting, a private party should be a customized creation inspired by fun. Birthday, graduation, anniversary, holiday--whatever the occasion might be, we want to help turn your party into something special.

We can perform year-round in any size pool no matter the depth or length. We can even showcase our talents in a hot tub! Let us make your backyard an aquatic stage!
